

Sabarethinam Kameshwar

Assistant Professor

Department of Civil and Environmental Engineering

Louisiana State University, Baton Rouge, LA 70803

skameshwar1@lsu.edu | 225-578-4911

EDUCATION

Ph.D. in Civil Engineering 2012 –2017
Rice University, Houston, Texas
Dissertation: Multi-hazard Fragility, Risk, and Resilience Assessment of Select Coastal Infrastructure

B.S. in Civil and Environmental Engineering 2008 –2012
Indian Institute of Technology Guwahati, India
Focus: Structural engineering

CURRENT & PAST POSITIONS

Assistant Professor 2019 –present
Department of Civil and Environmental Engineering
Louisiana State University, Baton Rouge, Louisiana

Post-doctoral Research Scholar 2017 –2019
School of Civil and Construction Engineering
Oregon State University, Corvallis, Oregon

Graduate Research Assistant 2012 –2017
Department of Civil and Environmental Engineering
Rice University, Houston, Texas

AWARDS & HONORS

- Outstanding Reviewer award: ASME Journal of Risk and Uncertainty in Engineering Systems, Part A: Civil Engineering 2018
- Outstanding reviewer award: Engineering Structures 2016 & 2018
- NHERI Summer Institute travel award 2018
- National Science Foundation (NSF) Partnerships for International Research and Education award for field research in the Netherlands 2016
- International Civil Engineering Risk and Reliability Association (CERRA) Student Recognition Award 2015
- Earthquake Engineering Research Institute (EERI) student travel fellowship 2015

- Robert P. and Eleanor Warden Shubinski Memorial Scholarship, Rice University 2014
- Institute Silver Medal for best academic performance among Civil Engineering students graduating in 2012 from Indian Institute of Technology Guwahati 2012

TEACHING

- Structural Reliability in Fall 2019 at Louisiana State University
- Structural Reliability and Risk analysis in Spring 2019 at Oregon State University
- Structural Analysis (teaching assistant) in Spring 2015 at Rice University

- P7. **Kameshwar, S.** and Charkraborty, A. (2012) “Statistical linearization of duffing oscillator using constrained optimization technique”, International Symposium on Engineering under Uncertainty: Safety Assessment and Management, Kolkata, India, January 4-6, 2012.
- P8. **Kameshwar, S.** and Charkraborty, A. (2012) “On reliability evaluation of structures using hermite polynomial chaos”, International Symposium on Engineering under Uncertainty: Safety Assessment and Management, Kolkata, India, January 4-6, 2012.

Seminars

- S1. **Kameshwar, S.** (2018). “Probabilistic decision-support framework for community resilience: Incorporating multi-hazards, infrastructure interdependencies, and target objectives in a Bayesian network.” Coastal and Ocean Engineering, Oregon State University, Corvallis, Oregon, November 8, 2018.
- S2. **Kameshwar, S.** (2018). “Hurricane Risk Assessment of a Key Component of Energy and Industrial Infrastructure: Above Ground Storage Tanks.” Department of Civil and Environmental Engineering, University of Hawaii, Manoa, Hawaii, March 20, 2018.

PROFESSIONAL ACTIVITIES

- Young Professional Member, Earthquake Engineering Research Institute
- Associate Member, American Society of Civil Engineers
- Beta user for the NSF NHERI DesignSafe Cyberinfrastructure
- Served as reviewer for:
 - Engineering Structures
 - Earthquake Spectra
 - Journal of Bridge Engineering
 - Journal of Structural Engineering
 - Structure and Infrastructure Engineering
 - Natural Hazards
 - Earthquake Engineering and Engineering Vibrations

- ASCE-ASME Journal of Risk and Uncertainty in Engineering Systems, Part A: Civil Engineering
- ASCE-ASME Journal of Risk and Uncertainty in Engineering Systems, Part B: Mechanical Engineering
- Journal of Pressure Vessel Technology
- International Journal of Disaster Risk Reduction
- Journal of Applied Statistics
- Structures
- Computers and Concrete
- Journal of Modern Transportation
- Multidiscipline Modeling in Materials and Structures
- Faculty advisor to AISC SBCC team at Louisiana State University
- Graduate student advisor to EERI SDC team at Rice University
